

# bienfait

**Founded in 1931 and is a family business.**

**We believe innovation is the key to achieve best-in-class products for our customers.  
Our teams is always looking for ways to build better solutions.  
We provide solutions from bag opening to product packaging.**

# bienfait

## Three different product directions

**Precision and measurement technology**

**Filter, process and packaging technology**

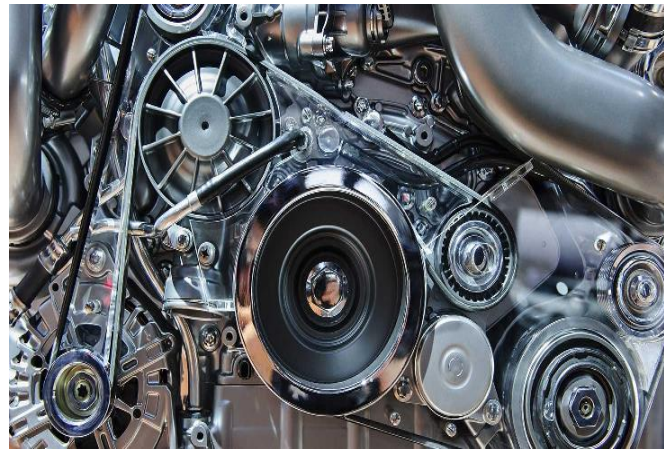

**Weighing and testing technology**

The branches where we are active in

**Automotive**

**Aerospace**

**Energy**

**Pharmaceutical industry**

**Food industry**

**Civil engineering**

**Offshore**

**Agricultural**

## Precision and measurement technologie

**STEINEL®**

Standard parts for stamp construction and mould construction

**supfina**

Supfina SUPERFINISHES machines for surface treatment

**MAURER MAGNETIC®**

Demagnetization of parts

**STEINEL®**

Tapping units

**Steidle®**  
PIC - Process Integrated Coating

MQL Systems

**HEXAGON**

**TESA TECHNOLOGY**

Hand-measuring tools

# Weighing and testing technology

**scaime**

Weighing solutions

**DINI ARGO**  
Scales - Weighing systems

Weighing platform

**DINI ARGO**  
Scales - Weighing systems

Mobile weighing

**Lorenz**  
messtechnik gmbh

Torque sensors

**NCTE**

**AST** Gruppe  
Angewandte System Technik

Force transducers,  
force/torque sensor and  
measuring pins

**GICAM**

Displacement, pressure  
temperature and  
acceleration sensors

**WiSeNode**

Wireless measurements  
systems

**Minebea  
intec**

Force amplifiers and  
weighing amplifiers

**Gantner**  
instruments

Data-acquisitie systems

## Filter, process and packaging technology

INFASTAUB 

De-dusting solutions

TELSCHIG

automatically open bags systems

bienfait

Bulk Bag Unloading Stations

Feeding conveyor

bienfait 

Multihead weighers

flow-pack machines

 **GERTEIS**  
MASCHINEN+PROCESSENGINEERING AG

Granulation systems

 **kg-pharma**  
THE FUTURE OF TABLETING

Tablet or capsule press

 **ACG**

 **Krämer**

Dedusters and capsule polisher

 **Ceiz**

Metal detection machines

 **VOLKMANN**  
IDEAS AHEAD

Vacuum Conveyors transport

 **OTTENSCHLÄGER**  
Flexibilität & Präzision

Sorting machines

 **HEINO ILSEMAN**  **accupack**  
engineering possibilities

Packaging and cartoning lines

# **We do not have customers, We have partners.**

In Bienfait we build relationships;  
for us, each company is more than just a customer: it is a partner with whom we can  
collaborate to optimize working conditions. Our priority is to build a relationship of trust over time.

# Thank you
