Tank and silo weighing

Vessel Weighing, Level Control

FA-TANK_WEIGHTING-E-0516 - SCAIME - SIREN 389 325 283 - R.C.S. THONON LES BAINS - SIRET 389 325 283 00015 - SCAIME se réserve le droit d'apporter toutes modifications sans avis préalable

Your process under control...

Reliability and safety are the most important factors to be taken into account when it comes to installing tank or silo weighing system. Scaime has designed solutions to meet these requirements in all circumstances.

WEIGHING SOLUTION

Load cells:

To fulfil each of your needs, our load cells cover a wide range of measuring capacities and are offered with different levels of protection and accuracy classes.

Mounting kits:

In order to restrict the influence of the environment on the performance of your measuring chain, we offer a wide range of accessories and mounting kits, suited to each application.

Hopper and blender weighing:

Tank and silo weighing:

Horizontal tank weighing...

For level measurement of a lesser accuracy in tanks filled with liquids, it is possible to replace 2 of the 4 load cells with fixed bearings.

Measuring chain:

Scaime offers all of the elements allowing a weighing system, adapted to your needs, to be built.

For a better integration into industrial environments, we offer:

- solutions for weighing in potentially explosive atmospheres.
- standardized interfaces to the main automation systems (CANopen®, Modbus-RTU, Modbus-TCP, Profibus-DP, EtherNet/IP et Profinet...)

Hanging hopper weighing:

	Mounting kits	for	5 kg	50 kg	500 kg	5 t	50 t	500 t	
	RUBBERKIT	F60X	 200 kg					Compression mounting kit Elastomer compensating for misalignments
	ISOFLEX	SK30X SK30A		300 kg 5 t					Compression mounting kit Vibration damping elastomer
	LF KIT	SK30X SK30A S10A		300 kg 5 t					Compression mounting kit Easy to install Side stoppers and lift-off prevention
	STABIFLEX	F60X SK30X SK30A	 5 t					Compression mounting kit Builtin side stoppers and lift-off prevention High precision ball and cup de-coupling
	SILOKIT-R	R10X			1 t 30 t				Compression mounting kit Builtin lift-off prevention and jack screw Side stabilization prevention
	SILOSAFE	R10X RH10X			1 t 100 t		300 t 750 t		Compression mounting kit Builtin lift-off prevention device and Rod end ball Side stabilization of very high capacity
	STABICAN	CB50X CA40X				5 t 200 t			Compression mounting kit Rod end ball side stabilization Builtin lift-off prevention device
	CUPS	RH10X					100 t 1 000 t		High capacity load cell Compression mounting cups
	ROD ENDS	ZF ZA30X	25 kg 7.5 t						Rod end ball joint kit Hanging hopper weighing

ATEX / IECEx Certificats: **ATEX IECEx**
 You will benefit from SCAIME expertise in the field of measurement in potentially explosive atmosphere, a flexible solutions for any Atex or IECEx complying weighing installation.
